 Saint James, Barbados

Apes Hill Barbados: Introducing the Moonshine Ridge Collection

Discover a new standard of luxury living at Apes Hill Barbados with the Moonshine Ridge Collection, where sustainable innovation meets the stunning natural beauty of the Caribbean. These exclusive homes are more than just residences; they are a celebration of the island's heritage, designed for those who seek an intimate connection with nature.

The Moonshine Ridge Collection offers a timeless and modern interpretation of Caribbean living. Each home beautifully blends clean, bold lines with elements of local heritage, including indigenous natural stone sourced directly from the Apes Hill grounds. As designer Douglas Luke of Elements Architecture notes, "younger clients... want to connect and interact with [the natural environment] in a much more intimate and consistent way." This collection delivers exactly that.

Perched on a remarkable elevation just below Mount Hillaby, the highest point in Barbados, these homes offer a multi-sensory experience. High ceilings and expansive glass doors create a seamless flow between the inside and the lush outdoors, inviting in the gentle trade winds and showcasing breathtaking views of the natural gullies and gardens. The design focuses on private outdoor entertaining, allowing you to embrace the famously laid-back yet luxurious lifestyle that epitomizes Barbados real estate.

The Moonshine Ridge Collection is for discerning buyers looking for sustainable luxury homes for sale in Barbados that offer privacy, elegance, and a deep connection to the environment.
