

VISTARA ***REQUEST FULL AVAILABILITY***

 Barbados

Vistara is a brand-new exclusive community of eighteen homes set on a ridge with sweeping sea views off the West Coast of Barbados. Located within the Calijanda Estate in Westmoreland, St. James, this private gated enclave offers three- and four-bedroom residences designed for seamless indoor-outdoor living. Homes range in size from approximately 3250 square feet to 6263 square feet and will feature open-plan layouts, high-end appliances, expansive terraces, and private infinity-edge pools.

Vistara benefits from a strong sense of arrival, with a palm-lined boulevard framing westward views toward the Caribbean Sea leading into the Calijanda Estate. The Vistara site is insulated from road noise and bordered by a verdant natural gully to the north. Its privileged position near the luxury golf community of Royal Westmoreland is just minutes from the island's most sought-after amenities, including renowned West Coast beaches, world-class golf courses, exclusive shopping, and some of the Caribbean's best restaurants and beach clubs. From refined fine dining in Holetown, trendy bars in Speightstown to the allure of boutique resorts and elegant marinas, Vistara places you at the centre of the island's most prestigious lifestyle.

The project is being undertaken by IMAGINE Developments, part of the Maloney Group, a local developer with a proven track record of successful projects. Site preparation is underway, and off-plan sales were launched in December 2025.
