

SPOONERS HILL - "THE STONE"

Saint Michael, Barbados

4 Bed, 3.5 bath

Tucked away on a sprawling 75,500 square foot plot of land, this unique property has been lovingly owned by the same family since its construction in the 1960s. With its original charm still intact, this home presents a rare opportunity for those seeking to put their own stamp on a piece of history.

As you approach the residence, you're greeted by a beautiful front patio that overlooks a meticulously maintained garden, teeming with vibrant flowering plants and majestic trees. The natural serenity of the surroundings is further enhanced by a fresh water pool, creating a tranquil oasis that invites relaxation and connection with nature.

Stepping into the home from the patio, you enter a spacious living and dining area. The interior layout is thoughtfully designed, with the kitchen conveniently located to the left, perfect for those who enjoy cooking and entertaining. To the right, a generous hallway leads to three large bedrooms each filled with natural light and two bathrooms, providing ample space for a growing family or guests. The master bedroom has an ensuite bathroom.

One of the standout features of this property is the additional room, which can be accessed via a separate entrance, complete with a ramp. This versatile space could serve as a fourth bedroom, a home office, a kids' playroom, or even a private studio, depending on your needs and preferences.

Venturing downstairs, you'll discover two additional rooms and a bathroom, which have been used as a self-contained apartment and school in the past. With some restoration and modernization, this space could be transformed into a cozy in-law suite, a home school, or even a rental unit, generating additional income. The laundry area, additional storage, and a 2-car covered garage provide ample space for practical needs, while the downstairs area also offers plenty of potential for creative uses.

Another feature of this property is its thoughtful design, including a driveway that elegantly wraps around the home. This convenient feature eliminates the need to reverse, providing a safe and hassle-free parking experience.

This estate, with its expansive grounds, not only offers a serene and private living environment but also plenty of space for outdoor activities, gardening, or even future expansion. Whether you're a family looking to grow, an individual seeking solitude, or an investor eyeing a potential gem, this property has the potential to become your dream home with a little love and renovation.

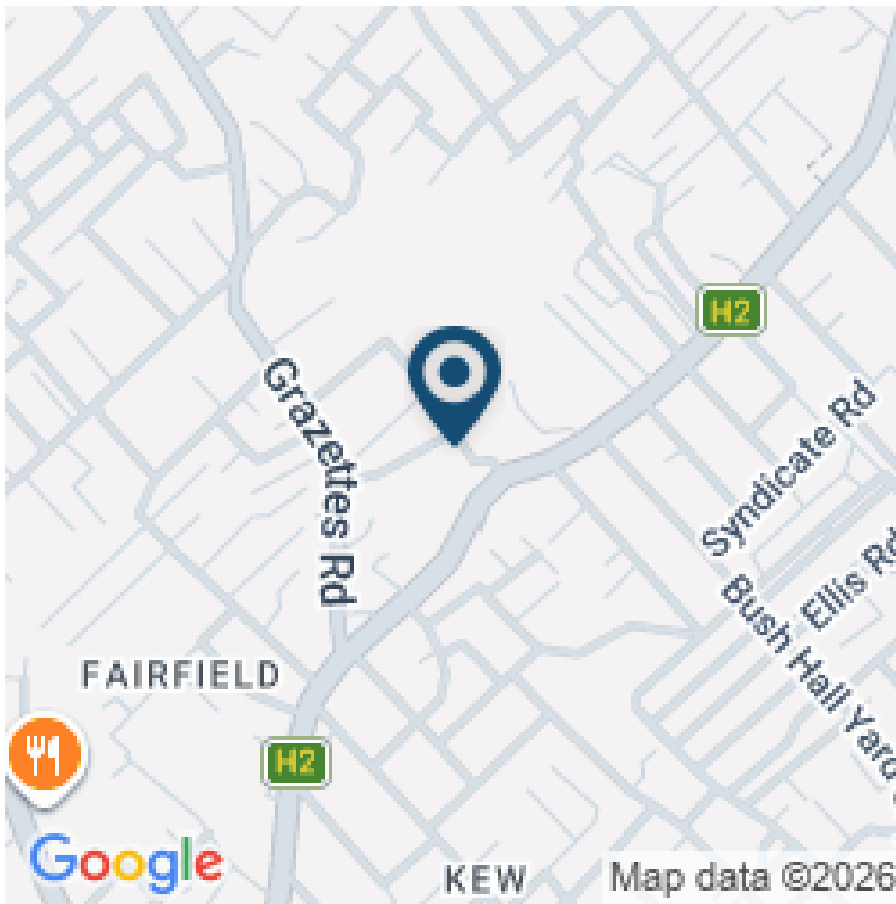

Off the kitchen, a surprise awaits - a self-contained room with its own private entrance, currently utilized by the owner as a thriving hairdressing salon. This cleverly designed space boasts a private patio, where clients can relax and enjoy the fresh air while they await their appointments. As an added bonus, the patio offers distant sea views, stretching towards the harbour, providing a breathtaking backdrop to this already charming space. Whether you choose to continue using this room as a salon, or repurpose it as a home office, art studio, or private retreat, the possibilities are endless.

While the property does require updating to bring it into the modern era, this presents a blank canvas for new owners to infuse the space with their personal style and contemporary touches.

Don't miss this exceptional chance to own a piece of history and turn it into your forever home. Schedule a viewing today and envision the endless possibilities that await.
