

ROCKLEY, GOLDEN GROVE 204

Saint Michael, Barbados

Enjoy your vacation in this stylish, centrally located town house.

Rockley resort is a spacious property on the south coast. The resort includes several clusters of rental units spread across the property. Each cluster has shared facilities including a pool and deck area, ample parking & a laundry room. Your cluster is called Golden Grove.

The property also has tennis courts, a well-kept 9-hole golf course & club house with a restaurant that is open for breakfast, lunch and dinner.

The Space

The main entrance is approx. 5 metres from the allocated car parking spot.

Entry is into the downstairs open area including kitchen, dining area and living area. There is also a small, but well-appointed full bathroom in the downstairs area. There is a substantial lockable storage room in the downstairs area.

On the other side of that open area is a sliding door that opens onto the downstairs patio which leads onto a well shaded, grassed open area which looks out onto the fairway of the 1st hole of the golf course. This outdoor area is completely protected from stray golf balls by a fit-for-purpose safety net.

There is a comfortable stairway which leads up to the upstairs area of the town house. There is a landing area at the top of the stairs with further lockable storage areas for linens and other useful items. The landing leads on either side into the 2 bedrooms. The Master bedroom has access onto a small private upstairs patio directly over the downstairs patio, overlooking the grass area and golf course 1st hole fairway.

There is a well-appointed main bathroom located between the two bedrooms which is accessible from each bedroom via separate lockable doors.

The Master Bedroom has a king-sized bed. The 2nd Bedroom has 2 twin beds. There is a zipper attached to the bedding that allows for the 2 twin beds to be connected to make a king size bed. Extra sets of King and

Twin sheets and mattress protectors are available in the owner's closet.

Guest Access

Due to its convenient location, it is not essential to have a vehicle during your stay. Having a vehicle is however very convenient, especially if your plan is to explore the island a bit. Furthermore, with covid, using your own private transport lessens your risk by comparison with the use of public transport. Parking is readily available right outside of your front door.

It is about a 5-minute walk to get from your town house to the club house or tennis courts or pro shop. Another 5 minutes walking gets you off of the property and on to the main road (Golf Club Road). There are frequent "route taxis" (basically small public transport vehicles) passing on this road that can move you where you need to go.

From the property entrance it is easy walking distance to the nearest supermarkets. It is also about 1 km to get to some of the best-known south coast beaches. Within a 3km radius you will find numerous restaurants of all types, as well as a variety of evening entertainment spots, many of which are to be found in the famous St. Lawrence Gap area.

Other Things to Note

Use of the on-property golf course is not included in the town house rental. For complete information on the golf course see website: rockleygolfclub.com

The tennis courts are playable but are not in tournament condition. There are no lights, so it is only good for daylight hours. There is a small fee for use.

The club house restaurant is good value for money. It is open from 9am to 10pm. For more details see social media page : [Panenkabarandgrill](#)

Flashlights are located in the storage area beneath the stairwell

Instructions on how to operate the TV and Wi-Fi are located on the table in the living room
