

PORTERS PALM

 Saint James, Barbados

Porters Palms is a serene boutique collection of contemporary villas nestled in the heart of Barbados' sought-after Platinum Coast. This new build development is located directly across the street from one of the island's most beautiful beaches, Alleyne's Bay and close proximity to beach bars, restaurants, and everyday amenities. It works equally well as a full-time home, a holiday base, or a rental-friendly investment.

There are 2 phases with the 1st phase comprising 16 elegant and thoughtfully designed residences each with its own exclusive plunge pool and lush landscaping blending the indoor and outdoor spaces seamlessly. There are 4 blocks and each block has only 2 levels ensuring privacy and ample outdoor space on the ground level to entertain guests. With clean architectural lines, high end finishes, top of the line appliances and natural stone and wood finishes, these homes embody luxury and also offer some sea views from the patio and roof deck where you can enjoy the sunsets and cocktails on an evening. But what sets Porters Palms truly apart is its commitment to sustainability, sourcing materials locally to minimize carbon footprint and support the surrounding communities

Ground Floor

US\$850,000 | 2 Bedrooms | 2 Bathrooms | Garden Oasis with Private Plunge Pool

The ground floor units feature 1,117 sq. ft. of thoughtfully designed interior space, finished in natural materials and warm tones that feel relaxed and timeless. The open-plan kitchen and living area flows easily onto a 188 sq ft covered patio and into a generous private garden of over 1,100 sq. ft. This outdoor space is a real highlight, complete with a plunge pool and tropical landscaping that creates a calm, private setting rarely found in apartment living.

The primary bedroom opens onto garden views and includes a well-appointed en suite, while the second bedroom is ideal for guests or a home office. Air conditioning, ceiling fans, and good natural light ensure year-round comfort.

US\$875,000 | 2 Bedrooms | 2 Bathrooms | Rooftop Plunge Pool

The first-floor units offer 1,117 sq. ft. of bright, well-planned interior space, complemented by a 184 sq. ft. covered patio for relaxed outdoor living and an internal staircase leading to the private rooftop terrace spanning over 1,100 sq. ft. Complete with a plunge pool and elevated outlook, it's designed for long evenings, quiet mornings, and relaxing under the sky and stars.

Inside, the apartment is finished in warm, natural tones with clean lines and quality materials that feel refined but never overdone. The kitchen and bathrooms feature high-end fittings, while the bedrooms are spacious, light-filled, and comfortable year-round. Thoughtful landscaping softens the architecture and enhances privacy, while the use of locally sourced materials reflects a considered, sustainable approach.
