

OCEAN CITY, JOHNSON DEVELOPMENT, LOT 32

 Saint Philip, Barbados

Positioned right on the water's edge east out over the Atlantic Ocean is this flat piece of oceanfront land. The access is via a secondary road in an area known as Johnsons Development in St. Philip. The lot is located just to the south of Foul Bay next to Ocean City. There is a rough path leading down to the water where there is a seasonal sandy beach which gets bigger and smaller depending on the tides and the time of year. The immediate area is quite peaceful and tucked away. Locally there is a 24-hour gas station and mini mart about 3 minutes by car, with the supermarket and shops at Six Roads just 12 minutes away by car.
