Lot 39 was built in 2000 and has been maintained throughout the years, however, it will require some love. From the main entrance one is welcomed into a foyer with powder room. On this level one has access to the two-car garage which is just off the foyer, and, along the passageway are two bedrooms which share a large bathroom with a tub plus a separate shower, located to the east of the property. One of the bedrooms has a double French door with opens northward onto a covered terrace overlooking the private pool. The other bedroom is next to this and has a small built in closet. The design of this residence flows beautifully. There are two sets of steps (3 steps), leading up to the air-conditioned living room, dining room, and well-planned kitchen – although separate, each space flows into each other, and with the dining and living room both finished with double French doors towards the west, and opening onto a covered terrace, it lends itself to cool comfortable living and entertaining made easy. The upper level accessed by stairs, offers those tropical breezes and the sound of the Atlantic Ocean which is a walk away. All of the upper level bedrooms have pickled pine, tray ceilings, are air-conditioned and wired for ceiling fans. The first of these bedrooms has a full French door with grill, opening onto a private patio which affords you the allure of the ocean beyond. This bedroom also has a space for you to install an enclosed closet should you desire. The second bedroom faces the east, and once again gives lovely views of the ocean and a private patio to the east. These two bedrooms share a bathroom just off the landing and near to the bedrooms – very convenient. The bathroom is finished with a shower and single vanity. Also, in the landing area is a linen closet, perfectly placed for all three bedrooms. The Master bedroom is situated towards the north of the property. It is complete with an en-suite bathroom with shower and single vanity, and there is a sizable, separate, His and Hers walk in closet. This bedroom has a French door leading to the patio which looks onto the pool and the surroundings. The neighbourhood is a mixture of single and double storey properties, its location is ideal, as it is a short drive to Oistins with its many amenities including shopping, Doctors Offices and restaurants. The property is complete with security grilles and ceramic tiles throughout. It is being sold “as is”. This property will make a wonderful home. Let us show you, your future. E&OE.
