Description

Located in St. James, Hummingbird Cottage is a stone and wooden building built in a fenced garden just less than six hundred feet from the beach. It offers gracious living - Caribbean style. The traditionally inspired architecture features a spacious verandah in a local neighborhood near the Caribbean Sea. The interior layout is equally roomy with an kitchen, dining and living room. The two bedrooms have Air conditioning. Hummingbird Cottage has been newly refurbished in 2014. It is a special place for quiet relaxation, read and enjoy the beauty of Barbados. The interior consists of spacious living/dining areas and bedrooms, all delightfully furnished. There are also facilities in place for high-speed internet suitable for those wishing to surf for pleasure. Private and securely positioned

centrally within beautifully garden. Spent your dream holidays and you will never forget the beauty of the Barbados Island. Hummingbird a little piece of paradise to spend a piecefull vacation away from "the world".

Further Info
