Description

Seaview Cottage is where quaint meets cozy on a bluff overlooking the beautiful azure Caribbean Sea and they've invited technology, Yoga and meditation to join them for a superb, relaxing holiday in Barbados away from the hustle and bustle of everyday life. The cottage is virtually a small villa where it's new owner/designer has put together the kind of setting and ambiance that is so comfortable and inspiring it makes you feel you want to read a good book or maybe write one.

The Cottage has been opened up and modernized to take full advantage of the fantastic sea view. The view overlooks a gorgeous green setting where migrating birds can be seen alighting in the distance as they continue on

their travel to warmer destinations than the wintery North. Beach walks, kite surfing and trekking are all par for the course in this neighbourhood.

This 3 bedroom bungalow is perched on the edge of a cliff, overlooking the ocean at the end of Long Beach.
