### EDGHILL HEIGHTS 5B, HOUSE FOR SALE IN ST. THOMAS

Saint Thomas, Barbados

This beautiful Barbadian home was completed in 2006. Built on a hill in Edghill Heights, it commands beautiful panoramic views of southern Barbados.

There are 3 bedrooms, all with en-suite bathrooms, two of which are upstairs, include walk-in closets, ceiling fans and open up to their own patios for enjoyment of the gorgeous view. The atrium living room is a haven for art lovers and steps down to a large patio on the ground floor - great for entertaining. Other rooms include separate dining, kitchen, laundry and study downstairs and another private patio upstairs. The interior finishes are exquisitely artistic and the emphasis is on colour throughout. Porcelain tiles cover all floors except for the living and dining rooms which are wooden.

The lighting system includes down-lighting fixtures with dimmers in many rooms. A built-in sound system with speakers in 3 rooms offers high quality surround sound. A photovoltaic system is installed, resulting in a credit balance or a low electric bill.
