

HORIZON DRIVE, 'HORIZON', LODGE HILL, ST. MICHAEL

 Saint Michael, Barbados

Sitting at the end of a peaceful cul-de-sac of mature homes close to the established Warrens business district is this modernized 'split-level' family home. Originally built in 1959, the property was improved in 2010 and shares a clever blend of 60's characteristics with a more modern up to date feel. Located just 3 minutes from the heart of Warrens with easy access to the ABC Highway, Bridgetown and the west coast, the patio offers some glimpses towards Bridgetown and the south west coast.

The house is a solidly built concrete structure with a concrete roof offering further security from high winds and bad weather. The living and dining rooms are spacious and flow well together with easy access to the verandah.

The Master bedroom has an en-suite bathroom and built-in wardrobes. The grounds are enclosed with a swimming pool and deck to the rear of the property which will require completion. The front garden enjoys an established lawn under a large, spreading flamboyant tree with pendant orchids.

The accommodation includes
