

## HEYWOODS 138

Saint Peter, Barbados

Well situated in an elevated position towards the higher section of the popular Heywoods Development in St. Peter is this sloping lot of land. Its position would allow for a split level or two story home or two apartment unit to be constructed with a view towards the sea.

Heywoods has established itself as a peaceful and desirable neighbourhood on the out skirts of Speightstown on the popular West Coast of the island. Very popular with returning nationals and retired locals in part because it is only a few minutes- walk from the beach and yet very affordable.
