

TREE HOUSE, ST. JOSEPH - SOLD

Saint Joseph, Barbados

A naturalist dream come true. Tree House is an eco friendly villa that utilizes the natural resource of the sun to create off grid living in the middle of the last piece of natural Barbadian rain forest.

What is net zero living Net zero is when your house produces as much energy as it consumes. Tree house has the most progressive equipment available on the market.

As well as being net zero Tree House is a pioneer in the construction of a ground up philosophy of building an eco friendly house in Barbados. Every area of the building has been created to make this house as efficient as possible.

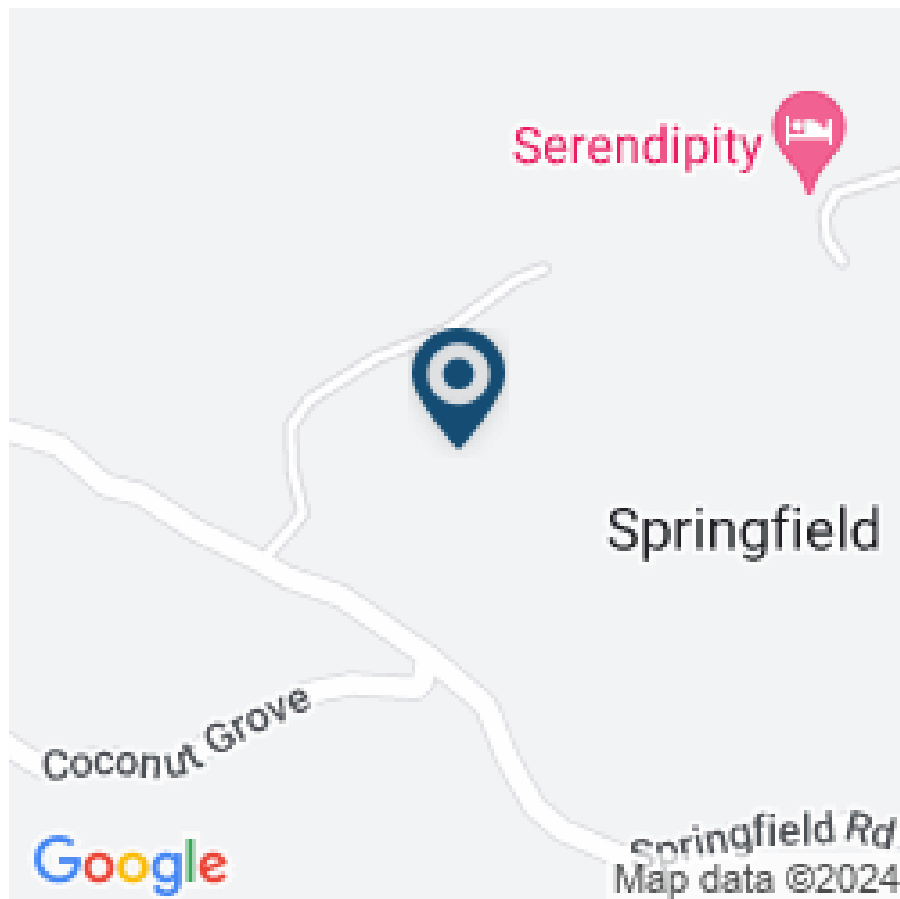

Tree house is a house that is energy efficient, water efficient as well as focusing on using building materials that are sustainable.

This property also contains mango, plantain, papaya, avocado, banana, fig and lime trees.
