#273 PORT ST. CHARLES

Saint Peter, Barbados

An amazing view of the beach this home is located in the block Savan that is named after a tiny deserted island in the Grenadines. A middle floor apartment, and recently fully renovated to make it 4 bedrooms. Being on the north side of the building, you look up the lagoon, across the water to the island, and yachts berthed at homes on the east side of the lagoon. Just being one floor higher gives you a stunning view. Your beach side patio looks straight out to the sea. It is truly breathtaking, and where you would tend to spend many evenings sipping on a rum punch watching the sun set before meeting for dinner. This patio is spacious and a nice area for the family to spend time and be together. A very convenient staircase leads you directly to the beach

You have a master bedroom on the beach side of the home with a large en-suite marble bathrooms, with tub, shower and double vanity and air-conditioner.

A spacious living room hands out on the beach terrace with a wide arch and sliding doors to really give a feeling of open island living where air conditioning is rarely needed although provided.

Your three guest bedrooms are on the lagoon side of the apartment and also link externally to each other from wide patios.
