Description

This apartment is located in the block Baliceau, that is named after a tiny deserted island in the Grenadines. This is a ground floor apartment, with 3 bedrooms.

There are two patios, one on either side of the apartment. Your lagoon side patio faces east and so enjoys the

breeze as well as morning sun and afternoon shade surrounded by lavish landscaping.

Your large beach patio with retractable sun awnings, steps off into a private pool surrounded by your lawn and lush vegetation giving you both privacy and security. Your short private beach pathway has a private shower to rinse off on the way back from a swim in the sea.

Your patio has a BBQ module with bar, icemaker and fridge, to ensure cold drinks on hot days by the pool. An ideal place for dining at any time of the day, where the entire family can meet and have fun.

This adds to the island lifestyle enjoyed at Port St. Charles. Incredible views of the sea and sunsets are seen daily.

You have two master bedrooms on the beach side of the home both with large ensuite marble bathrooms, each with tubs, showers and double vanities.

A spacious living room links the terraces with wide arches and sliding doors onto each terrace to really give a feeling of open island living where air conditioning is rarely needed although provided.

Your third bedroom is on the lagoon side of the apartment and also links externally to the lagoon terrace from wide patios.
