

COCONUT STUDIO, INCHCAPE VILLAS

The Coconut Studio, located on the ground floor in the Gatehouse at the Inchcape Seaside Villas, is a sweet little jewel on the private estate of the Inchcape Seaside Villas. It's modern amenities combined with it's stylish design for outdoor living par excellence in the Caribbean and it's tropical setting right on Silver Sands Beach provide for affordable luxury on a very up market property.

Coconut has it all, a nice living bedroom with complementary high speed wireless internet access, satellite tv, private cell phone optional, stereo system with ipod/iphone dock, and a hammock to relax and fall asleep to the sound of the ocean. Patio furniture, out door dining setting and lounge chairs to relax in the sun round up the picture of a complete holiday home, just a few steps away from the lovely white sand beach in front of the property. The Coconut Studio has a large living/bedroom with a queen size bed, opening up to a lovely terrace facing the ocean, with chairs and a table plus lounge chairs.

The Coconut Studio s kitchen is fully equipped with a four burner stove, oven, good size fridge and everything else a well equipped kitchen should be equipped with.

The bathroom comes with wash basin, toilet and shower, all nicely equipped and tastefully tiled.

It s wide maneuverable shutter window facing east allows the breezes of the trade winds to provide for maximum ventilation and an almost always perfect climate. For the odd day when the natural climate regulator , the trades, should let us down, ceiling and stand up fans provide for the temperatures to be never too hot.

A property manger is there to assist to make our guests stay a most memorable one.

Amenities to mention are complementary high speed wireless internet access, satellite-tv, stereo systems with ipod / iphone docks, optional private tel./cell phones, complete info on restaurants, supermarkets, shopping, personalized airport pick up/drop, taxi service, rental car arrangements, free on site parking, just to mention some of Inchcape s features.

The beach at House Seaside is heaven for swimming and snorkeling, windsurfing and kitesurfing, surfing and boogie boarding alike. One side of Silver Sands Beach can have a little shore beak while the other side is much calmer and ideal for swimming and sea bathing.

The small fishing village of Oistins is just a few minutes away and there are plenty of restaurants and supermarkets from in walking distance to just minutes away by car.
