### Description

Perched on one of the most northern coasts of Barbados is Cove Bay, this magnificent cliff lot is 120,663 sq ft or 2.77 acres of flat lying land that expands from the cliff edge to a local access road. Located in the parish of St. Lucy, Cove Bay instantly sets the scene for a Barbados long forgotten and rarely seen. Amidst this fast developing Caribbean Island, Cove Bay has stood the test of time with its un-spoilt surroundings, freely grazing cattle and sheep to the spectacular rugged coastline with the vibrant life of the Atlantic Ocean as its backdrop. A short distance away is a secluded beach which was formed by the gentle erosion over hundreds of years. There is a picturesque spot that is probably the most photographed rock formation in Barbados and once seen, will never be forgotten. This is a unique opportunity to own an extraordinary piece of Barbados overlooking the Atlantic Ocean for an unbeatable price.
