

for rent

SION HILL APARTMENTS/VILLA

 Saint James, Barbados

Sion Hill Apartments & Villas are a unique development featuring a combination Caribbean architecture & modern luxury finishes. Units are available for long and, or short term rental. The Sion Hill House pool was fashioned from the restoration of a centuries-old water reservoir which originally was fed from a well just outside the Plantation House. The water from the reservoir tank was used in the running of the plantations boiling house to process the sugar cane into sugar and molasses. Although the pool certainly doesn't look like a water tank any longer, one of the original buttresses can be seen outside the west wall.
