

WILLIAMS COTTAGE

 Saint Philip, Barbados

Williams Cottage is a lovely four bedroom villa located in the beautifully landscaped and very peaceful Castle Close complex on the south-eastern side of the island. The villa sits on 37,240 square feet of land which affords privacy in the already tranquil Castle Close/Long Bay area. This very attractive villa has four air-conditioned bedrooms each with their own en-suite bathroom. Two of the bedrooms open onto the pool deck where guests can enjoy a fresh-water swim in the private pool. The other two bedrooms are on the other side of the living/dining area of the villa. There is a comfortable living room where guests can relax and watch cable television. The separate dining area is just off of the living area and kitchen, which is very well-equipped. There are two patios perfect for sitting out in the evenings and enjoying the tropical starlit skies and chirpings of the local crickets. The house comes with internet service.

The nearest beach is Sam Lord's, only two minutes walk away across the lovely Castle Close gardens.

Daily maid service and nightly security is provided at Williams and for those who wish to try local cuisine, a cook may be arranged for an extra fee.

Come stay with us at Williams Cottage and enjoy a wonderful Barbados vacation. The property is also on the market for sale.
