#178 PORT ST. CHARLES

Saint Peter, Barbados

Welcome to your newly renovated paradise in Barbados. This exquisite three and a half bedroom apartment, nestled on the ground floor of the charming Petit Tabac block, is a slice of heaven named after a picturesque deserted island in the Grenadines. Step into a world of pure luxury with two inviting patios, one on each side of the apartment, both graciously caressed by the gentle Tradewinds. Your beachside patio offers a mesmerizing vista of the sea, where you'll find yourself captivated by the breathtaking sunsets, all while sipping a refreshing rum punch.

This spacious patio is not just a place, it's an experience, perfect for quality family time and shared moments.

As you venture indoors, you'll discover 2 bedrooms on the beachside, each boasting its own en-suite marble bathroom complete with double vanity, rejuvenating shower and a lavish tub in the second bathroom. The spacious living and dining rooms seamlessly connect with the terraces, creating an ambiance of open island living. Thanks to the constant sea breeze, air conditioning becomes an option not a necessity.

Your third ensuite bedroom, situated on the lagoon side, has direct access to the half bedroom/ office and offers access to the inviting plunge pool and the pristine beach.

This stunning villa offers an unrivaled experience that's simply second to none, making it the ideal destination for your dream getaway.
