

## PAVILION COURT - 2 BED

Christ Church, Barbados

Available from Mid July 2022

Pavilion Court is a quiet, mostly residential enclave, and a part of the UNESCO Garrison Heritage area, so the buildings are more than 270 years old. 9A is a subdivision of a large ward for the military hospital that ran along the whole of the top floor. Due to its thick walls, high ceilings and plenty of louvres, it is naturally cool and airy.

9A is a two bedroom one bathroom fully furnished condo with a large living and dining room. The kitchen is spacious with a small breakfast bar and the balcony is peaceful with a garden view of the well manicured lawn and beautiful large mature trees.

There is a separate laundry and wifi is available. The property comes with water, WiFi, and natural gas included in the rent. Electric bill is for the tenant's account. There is a washing machine with indoor drying space in the apartment.

One month's rent is required up front and security deposit.
