MARTELLO HOUSE

Saint James, Barbados

Beautiful, unique home designed by Gillespie and Steel, Martello House offers the ultimate in luxury living and is surrounded by unspoilt, natural landscaping with a large infinity-edge swimming pool, sauna and heated Jacuzzi. Positioned on the crest of Lancaster Ridge, it commands stunning panoramic views of the West Coast and provides an approximate living space of 9,634 sq. ft.
The property features 5 air-conditioned bedrooms with built-in wardrobes and en suite bathrooms. The curve-shaped master suite is positioned on the top floor and includes a large covered terrace with views over the beautifully landscaped gardens to the shimmering ocean beyond; arguable one of the finest views on the island. The master suite is also complemented by a spacious bathroom featuring marble floor tiles, double vanities with porcelain basins, a glass shower and a roll-top bath. The modern kitchen is outfitted with high quality appliances, granite counter tops and Italian wood cabinetry, while all the living areas are wired with the latest in sound technology. In addition, there is a fully-equipped English-style pub and a temperature/humidity-controlled cellar, with wine racks and storage for up to 2,000 bottles located beneath the house. The propertys open-plan design provides generous living areas and allows for the cooling trade winds to easily flow through the property. The floors are stone-polished throughout while the roof is made of large-span cedar shingles.
