GLADE HOUSE

Saint Peter, Barbados

This 4-bedroom Villa sits on 4 lots of land and offers great potential for further development. The neighbourhood is quiet and well established and there are many shady trees. Glade House is split level in design with the kitchen and living room on the main entrance level. The living room opens on to a covered verandah with wooden floors and on to a dining and lounge area. This verandah is elevated over the lawn and garden. Steps lead from the verandah to the inviting swimming pool and deck and on to the expansive grounds. On the upper level there are three bedrooms - two double and one single. The master bedroom has a step out balcony and benefits from the easterly Tradewinds. All the bedrooms have built in cupboards, and are airconditioned with ceiling fans. From the entrance level, a few steps lead down to the fourth bedroom, bathroom and spacious lounge with a sit up bar. There is direct access from this entertaining area to the pool terrace and garden. There is also a utility room off the kitchen, a car port and the entire property is enclosed. Beautiful Gibbs Beach is a 5-minute walk and the property is well set back from the road.
