

KING'S GATE

GIBBES, ST. PETER LONG TERM VILLA RENTAL

Imagine making this your home for the next year...or two, or three.

Life in paradise can look exactly like this: two fully outfitted, spectacularly finished two-bedroom/two-bathroom units on the blissful west coast are yours to live in - to work in, to play. And, they're a brief stroll across the street to Gibbs Beach, a few minutes' drive to Speightstown on one side and Holetown on the other and are tucked in a somewhat private location, behind automated gates.

This home is from a family of eight similar villas whose occupants get to enjoy a life of tranquility indoors, lounge by the shared pool, dine inside or outdoors and entertain or sun lounge on an upper deck.

Each "home" is furnished with ceiling fans throughout and air-conditioned bedrooms.

We could say more here but these photos do the trick!
