

## THE RIDGE

Saint Peter, Barbados

The Ridge, Barbados | Iconic Luxury Estate with 11 Bedrooms, Tennis Court & Private Spa

The Ridge is an extraordinary luxury estate in Barbados, offering a rare combination of architectural distinction, privacy, and resort-level living. Set on 2.68 acres of landscaped grounds and spanning approximately 19,000 square feet, this one-of-a-kind property is designed for discerning buyers seeking a landmark residence in the Caribbean.

From arrival, The Ridge delivers a sense of exclusivity and permanence. Grand courtyards, elegant terraces, and beautifully curated outdoor spaces create a seamless connection between indoor and outdoor living—ideal for both intimate gatherings and large-scale entertaining.

### A Private Estate Designed for Elevated Living

The property features 11 bedrooms across three separate residences, offering flexibility for family living, guests, or staff accommodation. The main house includes five bedrooms, while a charming chattel house provides four additional bedrooms, complemented by a two-bedroom cottage. This thoughtful layout ensures privacy and comfort while maintaining a cohesive estate experience.

Lifestyle amenities rival those of a five-star resort. Owners enjoy a temperature-controlled wine room, private cinema, spa, hair salon, gym, and tennis court, allowing wellness, leisure, and entertainment to be enjoyed entirely at home. Multiple reception areas and outdoor entertaining spaces make The Ridge equally suited to quiet retreat or hosting on a grand scale.

### Curated Interiors & Museum-Quality Collections

The interiors are distinguished by an exceptional collection of art, antiques, and rare cultural pieces assembled over more than a decade. Many works have a strong Caribbean connection, adding depth and authenticity to the home. Highlights include rare film memorabilia, including Charlie Chaplin's personal cane, vintage Hollywood posters, significant designer furniture, and original works by internationally recognised artists and photographers. These pieces transform the residence into a living gallery, offering an atmosphere that is both refined and deeply personal.

### Country Privacy with Beach Access Potential

The Ridge offers the rare opportunity to combine tranquil country living with access to Barbados' most desirable beaches. The estate can be linked to select nearby beachfront properties, providing flexibility for owners who wish to enjoy both elevated inland privacy and direct coastal access.

### Architectural Significance

Designed by world-renowned architect and interior designer Peter Inston, The Ridge took nearly five years to complete. No expense was spared in its construction, with Italian marble, imported statuary, a dramatic central fountain, and a hand-painted dome created by a specialist artist from the UK. Mr. Inston's

international portfolio includes some of the world's most prestigious hotels, private estates, and palaces, positioning The Ridge as one of the most architecturally significant private homes in Barbados.
