The subject is a four-bedroom, two-bathroom Begonia design house in the new Cherry South Village. The structure is of precast concrete supporting an Asphalt Shingle roof. The external walls have a trowel plastic finish. The internal walls have a trowel plastic finish. The windows are of a PVC single hung sash design. The internal finishes of the house consist of gypsum ceilings over porcelain tiled floors. The kitchen finishes include Quartz countertops and varnished wooden cabinetry. The bathrooms include stand alone vanities. The house has a solar water heating system. The layout of the house will feature an entry porch leading to an open plan living and dining area, kitchen, four-bedrooms and two-bathrooms. The ensuite bedroom features a walk-in closet. The property is enclosed with chainlink fencing and features a bricked parking area at the front of the house.
