

## SUGAR HILL, CORAL SUNDOWN VILLA

 Saint James, Barbados

If the idea of sipping champagne on the patio, eating canapés by the pool, drinking a rum punch in the gazebo or sharing dinner over a fine bottle of wine in front of a breath taking sea view is appealing, then the only problem you will have should you choose to stay at Coral Sundown is choosing which one to do first? Coral Sundown is very privately tucked away at the end of a quiet cul-de-sac in the heart of the exclusive Sugar Hill Tennis resort in West Moreland St. James. The property is beautifully landscaped with huge Palm Trees lining the entrance leading to a fabulous six-bedroom mansion that is home to one of the most popular British singers of our time. The home offers four ensuite guest bedrooms (each with their own patio) downstairs, the master and a further ensuite bedroom with patio upstairs. Along with the living room and open dining room are a media room, the Parrot Bar and the kitchen. The pool and patio deck enjoy the gorgeous sea view and the property has its own private tennis court. The villa comes with a cook and maid so that all you have to do is decide what you'd like to eat or drink and where you'd like to have it. Rates on request.
