

RICES, ST. PHILIP

 Saint Philip, Barbados

This beautifully designed architectural three bedroom two and a half bathroom house encapsulated by lush foliage is located just steps away from the picturesque Foul Bay Beach and the iconic Crane Resort.

The main entrance leads to a spacious open plan living and dining area. The living and tv areas are partially separated by a dramatic stone wall which provides a sense of privacy in an open space. Both the living and dining areas open onto private patios through tempered glass doors, which allow easterly breezes to engulf the space.

A modern galley style kitchen is design for flow from the dining area; quartz countertops, stainless steel double sink, lots of storage and breakfast seating are all within the space. Beyond the kitchen there is a full laundry room and entrance from the covered garage. Also on the lower level there is a guest bathroom and an office space for persons working from home or studying.

?On the upper level there are two bedrooms which share a roomy three piece bathroom. The primary suite provides a restful sanctuary and is outfitted with an ensuite and a walk through closet leading out to a private patio with beautiful valley views.

The rooftop area has the best views of the valley and the ocean breeze makes for the perfect entertainment area for the lucky owners.
