

GLEN ACRES #53

Saint George, Barbados

Glen Acres is a relatively new development with similar well-maintained homes located in the centre of the island. Lot 53 is one of the larger single-storey properties sitting on 7,215 sq. ft. of land. This 1,498 sq. ft. house has all the desired comforts with an open planned kitchen, dining, and living area. The 3-bedroom, 2-bathroom house has ceramic tiles throughout and granite counter tops in the kitchen and bathrooms. The large master bedroom is at the end of the hallway and has an en-suite bathroom, a walk-in closet, and an air-conditioning unit. The other two bedrooms are comfortable and have built-in closets. The laundry room is off the hallway and is large enough to hold a washing machine and a dryer and contains a laundry sink and storage cupboards. There is also a decent sized linen closet in the hallway. The living room opens onto a cozy covered patio and leads onto a large, enclosed garden with a mature rear hedge and a lovely Julie mango tree.

There is a covered single car garage is off to the side of the house and includes additional garden storage. You can enter the side of the house through the garage into the kitchen. The property has solar hot water. Glen Acres is a community where neighbours look out for one another. There is an open space in the development where families and neighbours gather and enjoy social events.
