

SUNRISE MEADOWS LOT 14

 Saint George, Barbados

A lovely elevated and breezy lot situated in a new and upmarket small development. The land is relatively gently sloped with a few sizable homes already erected in the immediate area. This particular lot benefits nicely from having the designated green area right next to it. Nice peaceful country living in a centrally located area.

Note that Lot #15 just south of this lot is 13,627 sq. ft. and also available for sale at BDS \$17.00 per sq. ft.
