

APES HILL PLANTATION

 Saint James, Barbados

Apes Hill Plantation sits on 10.5 acres of land that overlooks the west coast with expansive views of the Caribbean Sea. The Plantation, is located on one of the highest points of the island and sits just outside of Apes Hill Club, on Hole #2 of the Golf Course. Apes Hill Plantation dates back to the mid 1600's when the plantation had another story that was unfortunately blown off in the hurricane of 1681. The home today has 4 bedrooms and 2 and a half bathrooms and benefits from the cooling Tradewinds which makes air-conditioning a luxury and not a necessity. The main house is all on one floor except for the kitchen and laundry which are downstairs. The thick rubble walls keep the house cool in the hottest of days. Two other homes are on the property. One is the old Boiling House, which is an 8,000sq ft, 2-bedroom house and the other is a studio apartment which sits amongst the grove of Mahogany Trees in the paddock. See below for more details.
