

## EASY HALL

Saint Joseph, Barbados

Welcome to Easy Hall. As it's name depicts, this tri-level, 3- or 4-bedroom home offers easy living with ample outdoor entertaining areas and is nestled among tall palms and tropical foliage ideal for those who enjoy a private and tranquil setting.

A renovation and update was made to the original building from the early 1980s. Among the most recent additions is the large, fully updated eat-in kitchen.

The fully enclosed property is entered via the electronic gates and weathered coral stone entry blocks that invite you to the main entryway. On the lower level there are two offices and a TV room with bath. One of these rooms can be converted into a bedroom. Upstairs are three bedrooms with the main bedroom offering a modern en-suite bathroom. The living room and kitchen open naturally to the outdoor entertainment area and Koi Ponds, one of which could be renovated into a stunning plunge pool that overlooks the open deck and distant country views through the natural foliage. The private yoga deck and garden is slightly elevated from the home and offers another peaceful place to relax. Amenities to the home are a back up Generator, Water tanks and a photo Voltaic system. A home not to be overlooked!
