

GREEN MONKEY

With a desirable Queens Fort address and close proximity to several amenities, Green Monkey represents a fine choice for the discerning buyer. A foyer featuring a beautiful coral stone fountain welcomes you to this distinctive five-bedroom property.

On the ground floor is the master bedroom with en suite bath and walk-in closet. Two additional bedrooms are found on the ground floor, both with en suite bathrooms fitted with showers and whirlpools. A further two bedrooms with balconies are found on the upper level. The spacious kitchen features elegant Domus fittings.

Green Monkey lends itself well to social events with its large, open plan design. The Great Room, family room and other sitting areas offer ample entertaining space. Outdoors, the private, well-landscaped gardens are outlined by stately palms and contain a gazebo and swimming pool with an expansive deck. The property also includes staff quarters. Located a mere stone's throw from the beach, Green Monkey sits on 25,241 square feet of land and comprises 6,500 square feet of indoor living space, or 8,366 square feet including patio areas.
