

CAPRICE

The villa Caprice is a gorgeous refurbished four-bedroom home, and is one of our must-see Barbados vacation rentals. You'll find it located directly on the platinum sandy beach with stunning views of the water. The island of Barbados offers a perfect balance of West African, English and Caribbean culture along with stunning beaches and scenery.

Relax on a comfy lounge on the villa's private wooden terrace surrounded by mature trees and tropical vegetation. The covered portion of the patio features a coral stone table and is an ideal location for an alfresco meal. From here, you will have direct access to the beach through a private gate. If you'd rather stay closer to home, there's also a second more secluded terrace with a plunge pool and water feature that lights up beautifully at night.

This Colonial-style villa has been beautifully refurbished with marble flooring and high-end fixtures throughout. The airy living room is done in soothing tones of beige, brown and creams and includes multiple seating areas, plush sofas. It also opens up to the verandah through large French doors that show off garden and sea views. The fully equipped kitchen features custom cabinetry, a tall, wooden ceiling and marble countertops.

The villa's four bedrooms will comfortably sleep up to eight guests; two are found on the main level with the remaining two upstairs. Both bedrooms on the top floor (including the master king sized suite), boast private balconies with sea views. All sleeping quarters include air conditioning, a ceiling fan and private en-suite bathrooms.

With close access to the beach, you will be able to spend lots of time sunbathing and snorkeling in the clear waters along the reef. A 10-minute drive brings you to historic Speightstown, where you can spend time shopping in boutique stores, lounging at cafes and dining at elegant restaurants.
