

SORRENTO (FOUR BEDROOM)

Barbados

From the moment you step into the foyer, you will experience the luxurious Caribbean charm of Sorrento with recessed ceiling detail and suspended lighting that welcomes you. Sliding wooden doors lead into the guest suite (with bath), that can double as a study or entertainment area.

Sorrento's open-plan living area brings the outside in. With full folding glass doors that greatly expand the internal living area and allow for full use of the covered patio, offering relaxed dining and social areas poolside.

The modern European kitchen with casual island top dining is offered with stone countertops and quality appliances. The patio "oasis" is full of charm and relaxed with a waterfall feature into the plunge pool and lush vegetation, this gorgeous space truly takes outdoor Caribbean living to another level.

A beautifully designed guest bedroom on the upper floor awaits you, with its own en-suite bathroom including rain shower head, luxurious sanitary ware and creative tiling. Built- in closets provide ample storage and large windows allow for plenty of Bajan sunshine and fresh trade wind breezes.

The master oasis is the perfect sanctuary after a "hard day" of Caribbean living. An en-suite bath that is lavishly finished beckons you to rejuvenate and relax. The ample closet space within the master suite is extended onto the landing area, providing additional lockable closets for the owners private use in the event that the condos are rented.
