

NEW CASTLE

 Saint John, Barbados

Expressions of Curacao can be visualized through this vibrant, rich color palette.

The lush rural landscape, endless outdoor and entertainment areas, open house design and a refreshing pool was strategically orchestrated to entice.

Access to this property is via either the pedestrian gate or the double electronic gates and into a double car garage.

The property's architectural open plan design emphasizes a spatial integration which allows for ease of movement, encourages family time, interaction and eliminates isolation. The sophisticated gourmet kitchen is equipped with a collection of high-quality appliances and is beautifully finished. There is also an office, tech room, two grand bedrooms and two bathrooms located on this floor with special mention on the features of the primary bedroom. This is not only massive but is located on its own wing with a walk-in closet and a luxurious bathroom.

The grand staircase is the focal point of the property and adds significant character to its interior. The landing also offers an abundance of natural light. There are 2 bedrooms, 2 bathrooms, and a family room. The expansive top deck has created the perfect symmetry where guests will be wowed by its design and those ever-changing views which are beyond measure.

Let's exit onto the ground floor patio and experience the wonderful infinity edge pool. This is positioned to take advantage of the wonderful visual effect of the abundantly forested grounds and the Atlantic Ocean.

The basement is designed to accommodate a one-bedroom self-contained apartment. This has its own access from the grounds below.
