

## ART STUDIO 8

 Saint James, Barbados

Welcome to Art Studio Unit 8. Perched on the second (top) floor, this newly renovated unit is nestled in the heart of Hometown and offers direct beach access.

The open plan design offers generous closet space, airy interiors, a private patio, and is within easy walking distance to nearby amenities, including Limegrove Lifestyle Centre. The unit is also fully air conditioned, with modern appliances, free Wi-Fi, Cable TV, and free onsite parking.

Outside, there is also a shared charcoal barbecue, perfect for al fresco dining, accompanied by beach chairs where you can relax and savor the stunning garden view, making it the perfect place for your next Barbados vacation.

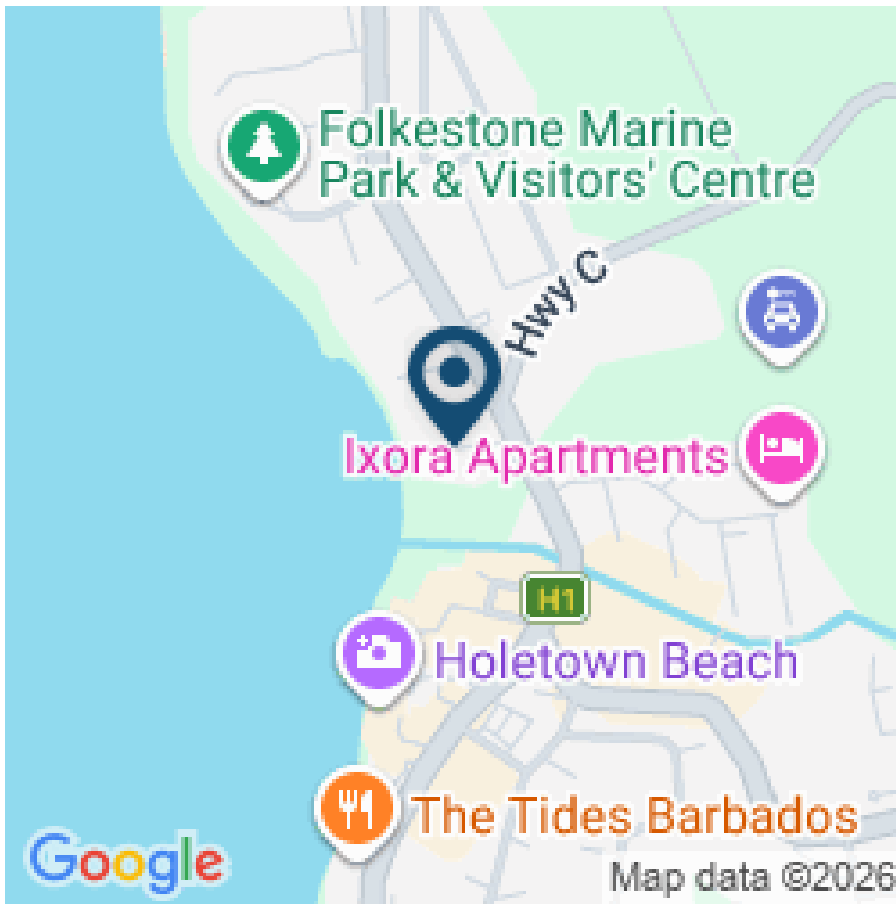

Please be aware that the former Discovery Bay Hotel which was situated adjacent to Art Studio Condominiums, was completely demolished and the new building is fully erected but still under construction. As a result of the ongoing works there is a risk of noise, dust and disturbance to Art Studios and the neighboring properties.

To help mitigate this, Art Studios 8 has been fully enclosed (patio included) and outfitted with noise reducing, tight seal glass windows and doors, as well as fully air conditioned in order to further reduce the risk of disturbance for our guests. Upon booking this property, you therefore acknowledge the above and accept that disturbance is a possibility despite the mentioned upgrades.
