

## BALLS PLANTATION, WILD HONEY

Discover a distinctive residence on the south coast of the island, exuding a captivating blend of Balinese and Caribbean influences. This remarkable home boasts a generous and airy layout, creating an inherent sense of tranquility throughout the property. The living space encompasses a well-appointed kitchen, a spacious living room with a bar and entertainment area, a dining room, a TV room, and two studies. A large open-air patio offers panoramic views of the expansive grounds, the inviting pool, and a mature garden. The four en suite bedrooms are situated on the lower level, featuring a master bedroom that opens onto a generously-sized covered patio. Adding to the allure, there is a charming exterior office space that can easily be transformed into an additional guest bedroom. This property must be experienced firsthand to truly grasp its uniqueness?a truly exceptional place.
