

ROWANS 5A1

 Saint George, Barbados

This stunning and private coral stone home is set on over 1.6 acres of land with a private entrance which is shared with one other property. It consists of 6 bedrooms and 5 bathrooms and has a mix of hardwood, tiled and carpet flooring. There are 3 levels to the home: the main level, the first floor and the sublevel which could be converted to a self-contained apartment, as there is already, a bathroom, an additional bedroom, kitchen and living space.
