

EASY HALL, IN THE WOODS

Saint Joseph, Barbados

Nestled among tall palms and tropical foliage, this 3 (or 4) bedroom 3.5 bath, tri-level home with lots of covered and open outdoor entertaining areas is ideal for those who enjoy a private and tranquil living environment. Originally built in the early 1980s it has been extensively remodeled and updated. Most recent is the large fully updated eat-in kitchen. There are two offices and a TV room with bath on the lower level and one of the offices could be converted back into a bedroom. As you enter the house via coral stone paved walkways with warm and sapped lighting at night. They are two koi ponds, one of which could be converted into a swimming pool. Photo Voltaic solar system, stand-by generation, and back up water supply are very handy. Home stands on two lots and is approx. 1.3 acres

Discover serenity in this lush oasis, surrounded by towering palms and tropical greenery. This exquisite tri-level home, boasting 4 bedrooms and 3.5 baths, invites you into a world of refined luxury and tranquility. Originally built in the early 1980s, this residence has undergone meticulous renovations and updates, culminating in a harmonious blend of timeless elegance and modern comfort.

The heart of this retreat is the expansive fully updated eat-in kitchen, where culinary dreams come to life in a space that seamlessly combines style and functionality. Imagine entertaining friends and family in the numerous covered and open outdoor areas, each thoughtfully designed to elevate your living experience. The lower level of this home unfolds into two offices and a cozy TV room with a bathroom, presenting versatile spaces that can adapt to your lifestyle. One of the offices holds the potential to be effortlessly transformed into an additional bedroom, offering flexibility to suit your needs.

As you approach the entrance, coral stone paved walkways guide you, illuminated by warm and soft lighting that imparts a magical ambiance as night falls. Enchanting koi ponds grace the surroundings, with the possibility to convert one into a refreshing swimming pool? a perfect embodiment of luxury living in the tropics.

This residence is not only a visual masterpiece but also a paragon of sustainability, featuring a Photo Voltaic solar system, standby generation, and a backup water supply. Practicality seamlessly combines with aesthetics, ensuring your comfort and peace of mind.
