

CASTLE HEIGHTS #88

 Saint Philip, Barbados

Lovely two-storey home in quiet cul de sac of Castle Heights, St. Phillip on a slight ridge overlooking Sam Lord's Castle in the distance.

This 3 Bedroom/2 Bathroom home also has a 2 Bedroom/1 Bathroom apartment at the basement level and an office next to the primary bedroom.

The home is fully fenced and you gain entrance through the electric front gate onto the paved tiled yard.

Open the front door and you step into a foyer with a level living room to the right which has a double door onto a front patio. There is a door to the left of the foyer which leads to the single car enclosed garage with an electric door and red clay tiled floor. The dining room, which is also on the right, two steps up from the living room is all part of the open-plan kitchen which has ample cupboards and a laundry room with an exit to the exterior. The kitchen can also be reached from the foyer by stepping up two steps, passing an under-stairs storage room on the right-hand side and here you can also access the family room and the kitchen.

This floor also has two bedrooms with hardwood floors and closets, one of which is air-conditioned and a shared bathroom which can also be used by guests when entertaining. Upstairs houses the primary bedroom with en-suite bathroom, high ceilings and an office. This bedroom has views out to Mount Pleasant in the distance and a small balcony with sliding glass doors.

The basement apartment is sufficiently high off the ground to not have the feel of being in a basement and this offers a kitchen, two bedrooms, one bathroom and a large uncovered patio.

The backyard has a separate building where there is a spacious storage room and another room with its own entrance that houses the water storage tank.

This home makes for an excellent family home in a well established neighbourhood.
