

SUMMERLAND UNIT 104

 Saint James, Barbados

This luxurious three-bed, two-bath, first-floor condo is within a gated community.

It has open-concept living and dining room that opens onto a large, covered terrace with sea views.

The bedrooms are all large and have built-in cupboards. The primary has a bathroom and direct access to the patio. Bedroom 2 also has direct access to the patio.

There is A/C throughout.

There is ample parking and a large swimming pool, and it is directly across the road from the gorgeous Prospect Bay.

THE SPACE

Upon entering the apartment, there is a well appointed kitchen on your immediate right. It includes a washer/dryer combo in a purpose built cupboard space.

Moving further inside you come to a spacious air conditioned open concept living and dining area with plenty of comfortable seating. The tv is located within this space, as well as board games and a variety of books. There is a circular 6 seater dining table and chairs located here as well.

Turning right from the living area puts you into the Master Bedroom and Bathroom. The Master bedroom comes with a comfortable king bed, a work desk should you need to take care of some business. There is adequate wifi to allow you to do so. Plenty of cupboard space is available in case you are on a longer stay.

Turning left from the living area puts you into the area of the 2nd and 3rd bedrooms which share a 2nd bathroom. Both of these bedrooms are also spacious, have Queen beds and plenty of cupboard space.

All bedrooms have their own ac units and ceiling fans. The bedrooms have heavy drapes to ensure that should you choose to lie in, your slumber will not be disturbed by the rising sun.

The living area, Master bedroom and 2nd Bedroom all open out onto a large covered patio that looks out through palm trees towards the brilliantly blue Caribbean Sea. The patio has another 4 seater dining table should you prefer outdoors dining. There is a bar area at one end of the patio, and a large gas powered bbq at the other end.

The property has a beautiful pool and pool deck for the common use of the guests of all of the units on the complex. It is more than ample for the purpose.

Between your building and the pool deck area is a walkway which leads to a pedestrian gate. Through that gate puts you directly on to the sidewalk from which you can cross the street and make your way down to the beach. We have provided beach chairs and a beach umbrella for you to use on the days when you make your way to the beach. If you rather not take them with you, there are vendors at the beach who will rent them to you.

GUEST ACCESS

Due to it's convenient location, it is not essential to have a vehicle during your stay. Having a vehicle is however very convenient, especially if your plan is to explore the island a bit.

The property has it's own parking lot for your use. There is no assigned parking spot for any apartment, but the parking is ample and you will always have a spot available.

From the property's parking lot, your building is the one (out of 2 apartment buildings) nearer to the sea.

You go up the 1st flight of stairs and the front door is just to your right. You will see the lockbox on the wall next to the door. There is a single key in the lockbox which opens all of the doors in the apartment.

Should you decide not to rent your own car, there are frequent "route taxis" (basically small public transport vehicles) passing on the West Coast Road that can move you where you need to go.

From the property entrance it is easy walking distance to the Jordan's Supermarket.

The bustling center called Holetown is a few minutes drive north. There you will find a big supermarket (Massy) as well as the famous Limegrove shopping complex with several restaurants and higher end shops (Cartier, Michael Kors, Breitling, Ralph Lauren to name a few).

In the famous "2nd Street" in Holetown there are nice restaurants and bars and night clubs for those with a taste for the party life.

Holetown also has a modern medical facility called Sandy Crest Medical Center should you find yourself in need of medical care.

Watersports activities of various types are readily available at the nearby beaches. Take all the relevant safety precautions as advised by the operators. Also, sunblock is an absolute necessity.

Further north from Holetown you will reach Speightstown, another center of activity. More restaurants and bars are available there, with some lovely spots for sundowners with live music and a relaxed vibe.

Along the way you will pass many higher end hotels and villas where the rich and famous spend their leisure time. Included among them is the world famous Sandy Lane Hotel where Tiger Woods was married.

Just inland and uphill from the West Coast are 3 high quality golf courses. There is the Green Monkey at Sandy Lane, there is Royal Westmoreland, and there is Apes Hill. Apes Hill is spectacular. Green fees can be eye watering though !!

If you like golf, but do not wish to overspend on it, the the Barbados Golf Club and Rockley Golf Club in the south that are far more affordable, and only 20-30 minutes drive away.
