

REGENCY PARK, LOT 63

Christ Church, Barbados

Perched on an elevated lot in the sought-after Regency Park neighborhood, this 11,254 sq ft property offers an exceptional opportunity for development. The land provides a serene and private setting, with partial ocean views from the second story. The gentle slope of the lot ensures a sense of openness and space, creating the perfect foundation for a beautiful custom home or a set of townhouses.

With its generous size, the property offers flexibility in design, allowing for a range of possibilities, while being conveniently located to local amenities, beaches and transport routes. Whether you're looking to build a tranquil retreat or a smart investment in an established neighborhood, this prime lot is an ideal canvas for your vision.
