

MOUNT WILTON HEIGHTS, LOT 10

Saint Thomas, Barbados

Located some 900 ft above sea level in a peaceful country setting in St. Thomas, this elevated lot with attractive view across the countryside, is located just 12 minutes from Warrens in one direction and 15 minutes from Bathsheba in the opposite direction. Mount Wilton has very much a rural country feel to it. The area is very green with natural water courses and gullies offering a varied landscape of tropical delight.

The development was started some 18 years ago and evidence of its continued growth is obvious with a number of large family homes recently completed or under construction across the estate.
