

## MORNE HOUSE

 Saint Peter, Barbados

Overlooking a private panoramic view of the West Coast sits this grand residence that offers a wonderful blend of old-world charm and modern luxury. Built-in the 70's predominantly of coral stone, this 4-bedroom / 3-bathroom home sits on 2.87 acres of land with 8,000 sq. ft of living space.

Tucked away between unspoiled woodlands and perfectly manicured expansive grounds, Morne House captivates with its commanding pillared driveway which leads to an impressive courtyard. Large Roman columns frame the massive solid wooden horse front door which opens into the grand entrance hall, onto the pool deck and patio and offers access to the kitchen/living area, office/library, piano room, and up the stairs to 3 spacious bedrooms. High ceilings with a mixture of stone tiled and wooden floors, coral architraves, and solid wood doors give the home a feeling of class and maturity that suggests it is lived in and enjoyed by its current owners.

Located towards the northern end of St. Peter in a small estate of large homes, the house enjoys spectacular sea views from its private location. Previously home to a professional chef, the chef's galley kitchen with its huge island, built-in induction hobs, and professional-grade equipment makes this the ideal home for someone who enjoys cooking or appreciates gastronomy.

The entertainment area on the pool deck is expansive with its own BBQ house and spacious dining/lounging area all enjoying the spectacular Caribbean Sea views as a backdrop. Two ensuite bedrooms with a further bathroom for the third bedroom offer ample sleeping accommodation with a large walk-in closet in the master. Separate staff quarters and an office/storeroom adjacent to the kitchen make it convenient for live-in help. A large pantry and washroom lead from the kitchen to the garage.

There are additional storerooms under the pool deck along with the pool pump room. The grounds are a mixture of large mature tropical vegetation offering privacy and seclusion to the lawned areas of the home.
