

LOT 7 HOPEFIELD

 Christ Church, Barbados

The Hopefield development is part of the wider Charnocks area and is located approximately nine (9) miles from Bridgetown and a half (0.5) mile from the Grantley Adams International Airport. This middle-income development is situated just off the ABC Highway along the Adams section. The area is just east of the newly redeveloped Villages at Coverley. The housing stock in the area comprises mainly modest, single-storied masonry dwelling structures. All amenities and utilities are readily available.

This property offers many opportunities for development into a family dwelling - single or two-storey. There is an abandoned concrete structure situated on this lot, however, taking into consideration the overall poor state of this structure along with the fact that it was abandoned at a very early stage of construction, it is best suited to be demolished before any further development can take place.
